

Wear Mats

EXTEND THE LIFE OF YOUR SURFACING INVESTMENT WITH HEAVY DUTY RUBBER WEAR MATS FROM FLEXGROUND

Designed for high use zones like under swings and at slide endings, this heavy duty mat will preserve critical safety surfacing in frequently used spaces to ensure continued compliance

Features:

- Prevents rutting on loose fill surfaces under swings and at slide exits due to repetitive use
- Helps maintain unitary surfaces in heavy traffic areas where tears and holes can occur
- Extra heavy weight to prevent theft

Wear Mat Specifications:

- Wear mat is manufactured from recycled rubber
- Dimensions are 36" by 36" by 1.5" thick.
- Wear mat must meet Consumer Product Safety Commission Guidelines for a drop-height of 3' in accordance with ASTM F 1292. When installed on top of a surface of 12" depth or greater, wear mat must meet ASTM F 1 292 at a drop height of 12' (impact attenuation performance tests are available on request.)
