

CourtScapes™

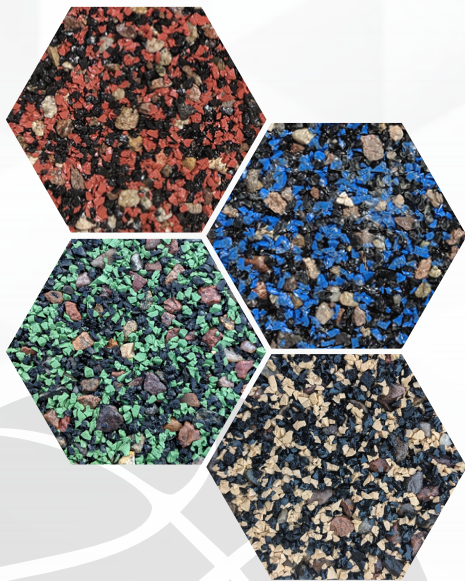

ATHLETIC COURT SURFACING

Transform your tennis, basketball or other athletic court into a dynamic and firm multi-use space for a fraction of the cost! If your court is past its prime, consider CourtScapes from FlexGround. This innovative solution can be installed directly over existing damaged asphalt or concrete courts. No need to spend time and money ripping out old courts. This custom mixed surface system is designable.

Advantages:

- Certified classification by International Tennis Federation (ITF)
- Slip resistant
- Firm yet flexible
- Custom designed to suit all needs
- Porous for quicker drying and less puddling
- Available in 4 standard color options

Great For:
Basketball
Pickleball
Tennis
